This classic Sunseeker 21 Sports Cruiser has been beautifully and professionally restored to its former glory and has been fitted with a new Volvo Penta KAD32 diesel engine and 290 DP Outdrive in 2004, making this a very unique purchase. Since its restoration it has been stored undercover and very lightly used

You can trailer it to your favourite holiday resort and use it on overnight trips with the double cuddy berth or as dayboat, ski-ing or just exploring the local waterways. Must be viewed to appreciate the workmanship involved.
